

PSYCHOMETRIC ASSESSMENTS

Aptitude, Behavioural and Educational

LOCAL AND INTERNATIONAL KNOWLEDGE, SPECIFICALLY QUALIFIED

We are all unique. We live in an ever changing world and as we try to prepare our children, students and ourselves for the future it can be difficult to negotiate and understand how we work, for all involved.

Along this path, **students** often experience difficulty with learning which can lead to a lack of confidence through to disengagement from studies. This can be enormously concerning for the student and those around them.

Understanding of how we work and work best is not just limited to students. In the work place, **employers and employees** can benefit enormously from understanding and therefore be more effective and motivated to succeed.

Psychometric Assessments, can help **support students, families, educators, businesses and individuals** to gain a clear understanding of where strengths lie, areas that need support and how to support them.

Our specialists are uniquely qualified to **work with educational establishments** to put in place routines and assess as well as complete Form 8 for Access Arrangements which must be carried out in a specific way for exam boards and awarding bodies. This can lead to additional time, technology allocation and use being the difference that allows that student to really shine. **In the world of business**, understanding and accessing the most from and for employees and employers equals happy efficiency and better business.

'Our daughter finally received the support she needs- both in her daily education and in her exams'

Mr. A

'Miss O, thank you. I write this from my new computer which I now have to show I do understand. I am finally enjoying my learning'

Mina

'Thank you- we now have increased our productivity in our business by 50% and have happy staff!'

Josh

'just writing to let you know, our daughter has been able not only to get into University but also to be supported in her course due to your hard work to look past her disabilities and help her show her abilities... we can never thank you enough'

ST

'Nable Potential gave us a plan, support and now our son has direction'
